Discussion

Budget Info

Kent has an idea to put our money in an account that would make interest. We are good with it. Suggest he gets together with Colleen on where to move the money.

July Jubilee – North Bend basically wants us to entirely take up the run. They do say safety is a priority and would connect us with the police and rotary for volunteers. They originally gave us the wrong dates. The race is actually Saturday, July 14 (which is probably July 13 since that is the Saturday). The course is complicated and about 0.5 mile short, which would be hard to pick up on that course.

Amarissa will go back to the city, verify the date, and ask for \$1,500 to help offset expenses and will ask to confirm police support.

Firecracker Run – Carol plans to only do 1 loop of the lake because it's too hard for folks to count laps.

Salmon Creek – Should be ready to go

Roseburg to Coos Bay – Patrick B. isn't going to run so would be available to help.

Sunset – Will do T-shirts. Carol will call B&T about how much it would cost to make T-shirts, charge \$25-30.

Kyle will make medals for top 3 overall.

Ask Kevin if the kids can help with aid station and potentially race pickup.

Amarissa will donate gels.

Kyle would like to solicit donations for prizes.
